COMMENTS: I request that the Preliminary hearing be held in the Clear Lake City/Houston, Texas area. I further request that the June letter written by Mr. D. Ingersoll of the TCEQ be modified to include the words "future ponds" and " future series of ponds" everywhere the outfall ponds are mentioned. I further request that the Commissioners be notified of this change of wording prior to the preliminary review. If the Commissioners

should approve this docket item/ permit as currently described in Mr. Ingersoll's letter, they will approve the construction of two new outfalls in areas that can not accomodate the proposed effluent water flow rates until said "future ponds " are excavated starting in 2026. If the Commissioners determine that they must approve the Docket item, I further request that they stipulate construction & operation will not begin until these sites are fully excavated by the CLCWA. Thank You
